

New Additions on ArchivesSearch – December 2008

Series ID 335 (1956 – 1975)

13,130 new items have been added to the Intestacy files series covering the period from 1956 – 1975. This series consists of files of deceased intestate estates which were administered by the Public Curator Office, later Public Trust Office. The files contain various documents including forms, correspondence and other papers related to the personal details and estate of the deceased.

These documents may include the following information: name, file number, date and place of death, cause of death, date of birth, address and occupation of the deceased, date of election, order or probate, an inventory of property, its value and disposition, assets and liabilities/legal costs, if left a Will, account details of the estates of deceased persons (eg. disbursement details), distribution details (eg. names and addresses of successors, accrued income and debt at the date of death) and real property, personal property and lands registration.

Series ID 420 (1956 – 1975)
